Our File: PAT 59327W-1 CA

Dear Maurice

Enclosed for your records is the original "Notice of National Entry" from the Canadian Intellectual Property Office, confirming Canadian national phase entry for the above application. The application has been assigned application no. **2,576,011**. The international filing date of **August 8, 2005** is the deemed Canadian filing date.

Examination of the application was not requested at the time of filing the application. A request for examination must be filed within five years after the international filing date. Examination is not likely to take place for several years after the request is filed, given the backlog of applications in the Canadian Patent Office. We will issue periodic reminders. Please let us know at any time if you want us to proceed with requesting examination.

This is also to confirm that we have now filed the assignment to 1592834 Ontario Inc. and have paid the applicable assignment registration fee. A copy of our correspondence with the Patent Office is enclosed for your records.

We will confirm registration of the assignment in due course. Meanwhile, our invoice is enclosed. Thank you.

Very truly yours,
